

4S VisiLog®

Collaborative Web Portal for Integrated Supply Chain Management

4S VisiLog® is Four Soft's collaborative web portal for order management and visibility. Built on J2EE platform with a native browser interface, 4S VisiLog® helps linking your Business Partners, Associates, Service Providers and Customers. It is designed to provide real time event information and automated alerts along with visibility across the supply chain managed by workflows. 4S VisiLog® is your command and control centre for global operations.
